

## 3's Class

In our Preschool 3's classes, students at Building Blocks are introduced to letters, letter sounds, and basic 2-d shapes.

Throughout the school year, students also work on recognizing their first names, identifying colors and practicing counting through our circle time calendar, etc.

Each classroom has monthly themes that are paired with books, songs, poems, Bible verses, art/crafts, educational activities, and dramatic play.

Students are provided with frequent opportunities to strengthen their fine motor skills and social skills (like sharing and taking turns, kind manners, and communicating with their teacher and classmates).

This first year of preschool is very beneficial in helping students learn school rules, structure, and routines, as well as some independence and confidence in a welcoming and fun setting.
